

# YOU'RE INVITED

## MOBILE TECH ROUNDTABLE WITH U.S. REP. CATHY MCMORRIS RODGERS

Mobile technology has changed the way we live our lives. From how we shop to how we educate our kids to how we police our streets, mobility is everywhere. The Inland Empire is no exception. Today mobile tech companies are creating jobs and growing our economy right in our backyard. [Gravity Jack](#) in Liberty Lake is just such a company on the rise. They're providing mobile innovations for companies like Hewlett Packard, Taylor Made and Coca Cola.

**Please join us for a roundtable discussion with U.S. Rep. McMorris Rodgers hosted at Gravity Jack as we take a closer look at their story of success and the intersection of tech and public policy.**

McMorris Rodgers has been a leader in Congress on tech issues and a strong advocate for growing small businesses like Gravity Jack here in our community. You won't want to miss a chance to get her perspective on our region's tremendous potential and her work for our community.

**May 20, 2016 • 10:00 a.m. to 11:00 a.m.**

**Gravity Jack**  
23505 E Appleway Ave, Suite 200  
Liberty Lake, WA 99019

**Space is limited so please [RSVP today!](#)**
