

YOU'RE INVITED TO ATTEND
The Internet of Things Technology Roundtable
discussion with U.S. Rep. Suzan DelBene (WA1)

As our world becomes more and more connected our lives and our economy have been impacted by the growing “Internet of Things” (IoT). The IoT is a rapidly developing, broad space affecting the use of devices from cooking equipment to health technology and cars. Join us for a roundtable discussion with the [Internet of Things Congressional Caucus](#) Co-Chair, Washington’s own, U.S. Rep. Suzan DelBene (WA1). A technology leader and entrepreneur, Rep. DelBene has been an advocate and leader in Congress on tech issues. Please join us at the Seattle Chamber of Commerce as we sit down with Rep. DelBene to discuss the IoT Congressional Caucus and hear from Redmond-based [Kymeta](#) about how they are spurring new waves of innovation and helping realize the power of a truly connected future. Additional presenters include [Buddy](#) and [IoT Tech Systems](#).

WHEN: July 21, 2016 at 10:00 a.m.

WHERE: The Seattle Chamber of Commerce
1301 5th Ave, Suite 1500, Seattle, WA
